Tis the season for family reunions. I am so glad we can have family reunions every day at Newton Village. It may be getting mom to go out for lunch (or a doctor's appointment) or making time to include a visit with grandpa on the calendar (and maybe go for a ride). God created families and He created them to care, support, and watch for each other.

I recently returned to Wisconsin for a family reunion. My parents were both the youngest of their families and I am the youngest of our family. Many of my cousins are the age of some of our Newton Village residents. It is hilarious trying to remember each other and catch up on our extended and growing

families. One influence of my family is our involvement in dairy farming and love for dairy products.

I am grateful for our Newton Village community who become like family to care, support, and watch for each other. And like God's family and our own families, we always have room for more!
